HOSPITAL

DERMATOLOGY

PATHOLOGY LAB

COSMETOLOGY

ICU

Bakson group has come up with the unique concept of incorporating health for all through an integrated approach of treatment by establishing a modern medicine wing in the shape of a Multi-Speciality Hospital.

The facilities & services of the Multi-Speciality hospital will be helpful in providing adequate exposure to the students in clinical field and help them to understand the depth of operative surgery and operative gynaecology & obstetrics. It will also impart a clear learning about the management of critical illnesses. The multi-specialty hospital is well equipped with state – of – art medical treatment facilities like Oxygen Plant, ICU, NICU, EMERGENCY,

Labour Room, Digital X – Ray, Ultrasonography, CT – Scan, ECG, Echocardiography, Dialysis and more.

The Hospital has different O.P.Ds, IPD with deluxe & super deluxe rooms, private IPD wards and modular operation theatre. Five peripheral OPDs located at a distance of 5 – 10 kms cater to the medical needs of rural patients. To spread the benefits of Homoeopathy to all sections of the community, free medical camps are organized regularly. The hospital imparts medical facilities to almost 900 patients everyday which provides good clinical exposure to U.G. & P.G. students, as well as interns.

To offer holistic health care to the patients, physiotherapy, yoga, naturopathy & acupressure facilities are also provided in the hospital in addition to homoeopathic treatment. All routine pathological investigations are carried out in the pathology lab for proper diagnosis of ailments.
